## LEGO Club - Years 3 and 4

Dear Parent/ Carer

I am pleased to announce that we are going to be running a LEGO building after-school club. Using LEGOs provides a wide range of developmental benefits for children, including boosting fine motor skills, fostering creativity and imagination as well as improving problem-solving and critical thinking skills whilst supporting social and emotional growth through collaborative play.

**LEGO Club** will run every **Monday** for pupils in **Year 3 and 4**. The club will start **on Monday 3<sup>rd</sup> November** and will run for **5 sessions**. Each session will run until **4.30 pm**. The children will need to be collected at the **main school gate**.

The cost for the 5 sessions is just £15 (£3 per session), with the total cost payable in advance via ParentPay. Unfortunately, refunds will only be given if we must cancel the club. Children will not be able to bring any of the LEGO they build home. However, photos can be uploaded to Seesaw if children want to share what they have built.

If your child is interested in a place, please click on the link below and complete the form by **Thursday 16<sup>th</sup> October**. Places are limited. If the club is oversubscribed, names will be drawn out of a hat. We will inform you by Friday 17<sup>th</sup> October if your child has a place.
